DETAILED ACTION

Election/Restrictions

1. This application contains claims 6, 7 and 17-21 drawn to an invention nonelected without traverse in Paper No. 7. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Claim Rejections - 35 USC § 103

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1-5 stand rejected under 35 U.S.C. 103(a) as being unpatentable over LOCKE et al. (6,491,797), for reasons as of record.

4. Claims 8, 10-15 and new claims 22 and 23 are rejected under 35 U.S.C. 103(a) as being unpatentable over LOCKE et al. (6,491,797), for the same reasons as set forth in the above paragraph #3.

Response to Arguments

5. Applicant's arguments filed December 9, 2003 have been fully considered but they are not persuasive.

In response to Applicant's argument on the unexpected result of the field strength where the electrode diameter is 1 mm or less, the Examiner finds this is to be unpersuasive because the manner of operating the device does not differentiate apparatus claim from the prior art as asserted by the Examiner in the last Office action. Further, while features of an apparatus may be recited either structurally or functionally, claims directed to an apparatus must be distinguish from the prior art in terms of structure rather than function as it has been held that apparatus claims cover what a device is, not what a device does, *Hewlett-Packard Co. v. Bausch-Lomb Inc.*, 15 USPQ 1525.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
